

TROPHIES **& Engraving**

Terms of Service (“Terms”)

Last updated: 24/05/2017

Doc Rev #: 1.02

Please read these Terms of Service ("Terms", "Terms of Service") carefully before using the <http://www.amtrophies.co.uk> website and the A M Trophies mobile application (the "Service") operated by A M Trophies ("us", "we", or "our").

Your access to and use of the Service is conditioned on your acceptance of and compliance with these Terms. These Terms apply to all visitors, users and others who access or use the Service.

By accessing or using the Service you agree to be bound by these Terms. If you disagree with any part of the terms then you may not access the Service.

Termination

We may terminate or suspend access to our Service immediately, without prior notice or liability, for any reason whatsoever, including without limitation if you breach the Terms.

All provisions of the Terms which by their nature should survive termination shall survive termination, including, without limitation, ownership provisions, warranty disclaimers, indemnity and limitations of liability.

Content

Our Service allows you to post, link, store, share and otherwise make available certain information, text, graphics, videos, or other material ("Content"). You are responsible for this security of the information, not A M Trophies and must ensure you act within the law of your location, and are not permitted to use this information for illicit purposes or to defame or slander A M Trophies or its employees therefore.

Links To Other Web Sites

Our Service may contain links to third-party web sites or services that are not owned or controlled by A M Trophies.

A M Trophies has no control over, and assumes no responsibility for, the content, privacy policies, or practices of any third party web sites or services. You further acknowledge and agree that A M Trophies shall not be responsible or liable, directly or indirectly, for any damage or loss caused or alleged to be caused by or in connection with use of or reliance on any such content, goods or services available on or through any such web sites or services.

Changes

We reserve the right, at our sole discretion, to modify or replace these Terms at any time. If a revision is material we will try to provide at least 7 days' notice prior to any new terms taking effect. What constitutes a material change will be determined at our sole discretion.

Liability

A M Trophies disclaims any responsibility for personal possessions left on the premises, including within cars, other than those that pertain to our business (cups and trophies etc) whereby we are fully insured.

Engraving Terms and Conditions

Logos will be engraved as a 'tattoo outline' unless otherwise specified.
in-fill logo's are subject to additional artwork and engraving costs based on a labour/hour fee structure

Up to 50% discount on text & logo engraving costs for bulk runs whereby only, for instance, a winner's name or category has changed and the design/setup has only a minimal alteration

Customer supplied glassware happily accepted. However we cannot guarantee the quality of the engraving due to each supplier's widely fluctuate manufacturing processes.

Maximum engraving area 28" x 12" and maximum diameter 250mm

Fair usage policy

All prices quoted are a guideline price and are subject to change at this discretion of the Engraver or the Manager should they deem the work undertaken warrants additional charges as all prices are time based.

However it is not our policy to enforce any under-handed charges to our customers and will not do so without prior approval. This may not be until the day the job is booked in for as this is the first time the Engraver would have seen the job. No compensation will be given for any inconvenience should you not wish to proceed at the newer price.

Machinery

2x 3D Variable-Speed Rotary Diamond-drag engraving machines. Touch sensitive for uneven surfaces.

- 120 degree diamond tip for metals inc aluminium, brass, silver, copper, pewter, steel etc.
- Used primarily for annual awards and glass.
- 90 degree composite-tip for Glass & Crystal
- Cutter-tips for acrylics and plastic
- Wide variety of attachments to enable engraving inside of rings, a laser pointer, and a hot-foil system for embossing gold/silver lettering on leather (such as wallets).

3x 2D Rotary Diamond-drag engraving machines. Used primarily for replica/giveaway trophy plate runs.

1x "Suitcase" engraving machine – Portable system for basic flat-plate engravings on the road for events such as tournaments and awards evenings where engraved is required on-site.

1x 3D "Desktop" engraver – for engraving/carving wood and soft metals into 3-Dimensional shapes.

1x 3D CNC - with full 3D scanning technology to recreate and engrave or customise you piece.

CO2/YAG Laser – 8000mw laser for engraving on paper, card, cork, rubber, plastic, glass, metal, fruit (yes we have engraved a banana before!)

1x Manually operated engraving machine – sometimes you just can't beat a good old fashioned machine. Still going strong over many decades and is used primarily for White Lettering (wax) engraving straight onto Bakelite bases.

3D Vacuum Sublimation system with 2x CISS bulk-fed printers (A3 + A4) with Sawgrass Gel-based inks.

For full colour personalised goods; mugs, t shirts, hats, plates, cups, mugs, clocks, bags, jigsaws, mousemats, coasters, iPhone cases, metal, wood, glass etc.

34" x 18" Digital Heat-Press for flat consumables and garments.

42" Vinyl-cutter for small to medium sized sign writing and vehicle graphics. Not our general field of expertise but occasionally our fields overlap.

Sand-blasting via UV film (coming late 2017/Early 2018) for glass & crystal - Allowing for a more diverse application of engraving onto glass/crystal and a more cost effective solution to in-fill logos and text.

Contact Us
